Fight For the Official Life of East Liverpool's
Chief of Police Begun
at Lisbon.

ATTORNEY BROOKES PRESENTS MAYOR'S SIDE

Lisbon, November 24.—(Special).—The case of the city of East Liverpool versus James H. Grafton and the remaining members of the board of public safety and Mayor W. A. Weaver of that city, which has several times been set down for trial, came on for trial this morning. City Solicitor G. E. Davidson, of East Liverpool, and Attorney W. F. Lones, of Wellsville, represent the plaintiff, while J. H. Brookes and Billingsley, Clark & DeFord are handling the defense.

The grounds upon which the action was brought to restrain these officials from permanently appointing John W. Wyman chief of police in East Liverpool are familiar, and in his statement of the case to the court Attorney J. H. Brookes clearly set forth the position of the defendants. Mr. Brookes said that at the municipal election last spring, the first election under the new code, a prohibition mayor was elected in East Liverpool after a bitter contest, while the entire remainder of the city's elective officers were filled by Republicans, and that ever since the election the Republican council has been trying to embarrass the Prohibition mayor.

The new code of city government open to many constructions, confronted the new mayor, and the retirement of the head of the police department, an elective officer under the old code, left a vacancy for Mayor Weaver to fill. The code, it was alleged, authorized him to fill the vacancy, which he did by the temporary appointment of John Wyman. At this time there was no board of public safety and there were no applicants for the position of chief.

Mr. Brookes said that ever since the new mayor assumed his duties there have been differences of opinion between the mayor and the solicitor as to the right of the mayor to make appointments, in many instances the mayor refusing to take the advice of the solicitor, who, in the first place contended that the mayor had no right to appoint a temporary chief of police. Mr. Brookes characterized this opposition to the mayor on the part of the city officials as a matter of politics rather than having in view the best interests of the city.

The board of public safety organized late in May, he said, and awaited the action of the council in passing a classifying ordinance. For years the police force of East Liverpool has consisted of eight officers and a city marshal.

Sheriff's Sale.
Lisbon, November 24.—(Special).—Part of lot 38 in Chamberlain's first

shal, which, Mr. Brookes said, was generally admitted to be inadequate. Immediately on the appointment of Mr. Wyman, he said, the council passed the classifying ordinance, reducing the number of officers to seven, with the evident intention of making the eighth man chief on the ground that under the new code the personnel of the force could not be disturbed.

This ordinance, Mr. Brookes said, was opposed almost with one voice, by the citizens of East Liverpool. He denied the allegation in the petition that undue solicitation had been brought to bear on Mayor Weaver for the appointment of Mr. Wyman, and said that if any solicitation was made in behalf of Mr. Wyman, it was not done by his friends, but by persons whose design was to injure his prospect. When the board of public safety was about to examine Mr. Wyman for a place on the police force, Solicitor Davidson notified them not to examine him on the ground that he was not eligible. Proofs were demanded of Mr. Davidson but it is alleged that they were not forthcoming.

Mr. Brookes said the testimony would show that Mr. Wyman had been properly examined and was properly on the classified list. He said he did not think the code intended that no one outside of the serving officers could be appointed to office. Of the eight serving officers only four presented themselves at the competitive examination.

The answer of the defendant, Mr. Brookes said, makes a specific denial of the allegation of pre-conceived intent to appoint Mr. Wyman chief of police. Mr. Brookes contends that the installation of officers under the new code marks the beginning of the city government under that law, and that consequently the recognized powers can make original appointments and that there can be no promotions at the inception. The code, he said, did not intend to show any preference for the promotion of former officers, and was intended only to protect them from ripper legislation.

Members of the board of public safety were first introduced as witnesses by the plaintiff in an attempt to prove the assertion in the petition for an injunction that there was solicitation for Wyman's appointment and collusion between members of the board of public safety and the mayor to bring about that end. James H. Grafton, W. L. Taylor and J. H. Dawson were on the stand in the order named.

TWO DIVORCE CASES HEARD BY THE COURT

HUSBAND LEFT BECAUSE WIFE
WOULD NOT RAISE MONEY.

A Couple Who Have Not Spoken for
14 Years Must Try Again
for Divorce.

Lisbon, November 24.—(Special).—Two divorce cases were heard by Judge Hole yesterday afternoon, and in the case of Mabel G. Burson, of Columbiana, against Thomas E. Burson, divorce was granted, and the plaintiff's maiden name, Mabel Mentzer, was restored, but the case of Charles Larcomb against Elnora Larcomb was passed for further hearing a week from next Monday to give time to secure personal service on the defendant.

The Bursons were married in East Palestine December 26, 1888, and had no children. Divorce was granted on grounds of wilful absence and disregard of marital duties. Although they had never had any quarrel, Burson deserted his wife about a year after their marriage because she was unable to secure for him a loan of \$300 from some of her relatives. Leaving his wife with her parents, Mr. and Mrs. John Mentzer, at Columbiana, he departed for the west under pretext of going to Alliance to hunt work. After he had been away for some time, Burson wrote several letters to his wife in which he substantially said he did not intend to live with her again. At last accounts he was employed as a bartender at Lakeview, Ore.

In the Larcomb case the husband asked legal separation on grounds of wilful absence and disregard of marital duties. They were married at Smith's Ferry September 17, 1865, and have several grown children. The testimony showed that they had not lived together for 14 years, and although the wife has been a visitor at the home of one of the children with whom the plaintiff husband is living, Mr. and Mrs. Larcomb have not spoken since their separation. Larcomb and his wife had lived at Butler, Pa., for a number of years, but while none of his children who are in correspondence with her would give him any information, he believed she had left there. Judge Hole said he did not think the plaintiff had made a proper effort to locate his wife and passed the case to permit him to do so before a decision is given. Testimony showed that Mrs. Larcomb had borne a bad reputation in East Liverpool.

THE OLDEST-MARRIED COUPLE IN THE STATE

Mr. and Mrs. A. C. Stow, of Summit
County, Complete 68 Years of
Wedded Life.

Akron, November 24.—Mr. and Mrs. A. C. Stow, pioneer residents of Stow township, the oldest married couple in the state, quietly celebrated their sixty-eighth wedding anniversary yesterday. The occasion has for several years been looked upon as a sort of thanksgiving for all the people in the township. Stow is 93 years old and his wife 86. Yesterday they drove to the little old Disciple church at Stow Corners and attended services. A special sermon was preached by their son-in-law, Rev. F. M. Green. About 100 friends and neighbors were present and after the services extended greetings to the aged couple.

Mr. and Mrs. Stow were married at Jackson, Mich., and drove overland to Ohio in a wagon. Stow is said to be the first male white child born in the township. He is a farmer and still does manual work upon the old farm.

MONEY IS WANTED FOR WATER WORKS

Supt. Morley Makes Known Plans
and Wishes of the
Department.

MANY CHANGES ARE ASKED

And They Will Be Somewhat Expensive—But \$2,000 in City Treasury.
Solicitor To Be Consulted Before
Making Other Appropriations.

With but one member and the president absent, the city council met the board of public service at the water works office last evening for a general discussion regarding the finances of the city as they pertain to the water works department. The board of service has under contemplation improvements and repairs amounting to several thousand dollars which cannot be made unless council agrees to appropriate it the money. After much discussion the matter was set aside until a decision can be obtained from the city solicitor.

There seems to be a misunderstanding somewhere about the spending of the money thrown into the treasury through the water works department. Some present at the meeting were of the opinion that the board of public service can contract for any improvement or repair which it deems necessary and council must appropriate that amount. Others seemed to think that council can appropriate just as much as it wishes irrespective of the actual needs of the water works. All were afraid to take definite action, not wishing to get into any more difficulties like the one which has been the topic of conversation for two weeks—the misappropriation made by council of the money of the water works—and the solicitor will be called upon to direct the method of operation.

The board of public service, as was stated exclusively in the News Review on last Saturday, desires an appropriation of about \$3,000 more than that originally made to carry the water works department until the first of the year and besides that the board wants money appropriated to pay for improvements decided upon and recommended by Supt. Morley, of the water works. In a communication Supt. Morley outlined his plans as follows:

Permit me to call your attention to the necessity of investigating the required improvements that will be required at the pumping station at the present time.

We have very little surplus in the way of pumping machinery. Should anything happen in the way of a breakdown it would mean a great loss to every individual, to say nothing of the loss that may come by fire.

I recommend the change of the boiler house, make it five feet wider on the north side, raise the building high enough to permit the setting of a large pair of boilers to take the place of the present small ones, setting them six feet higher, so they will be above high water mark and permit them to be used during high water.

I recommend the raising of the pump house to permit the setting of the steam parts of the new pump, which will be required very soon, above high water.

I recommend all changes and improvements to be made from the surplus of the water works fund. By so doing it would require more time, as the change would be made as the surplus would permit, each change that would be made in its turn would work to a good advantage.

By so doing a bond issue will be avoided. I hope you will investigate this matter before you decide to dispose of any surplus money in any way whatever, as the above improvements are very important and necessary.

Clerk Gipner submitted the following, which it was claimed should be looked after by council in its next appropriation:

Labor, \$250; service board, \$150; employees, \$501.67; bills, \$500; pipe lines, \$1,688.34; December expenses, \$2,000.

The above amounts will fall due, said Mr. Gipner, before the first of the year.

The two communications were received and talked of by all present, but it was finally decided to do nothing until the solicitor is heard from.

While the water works department was under discussion Mr. Bullock brought up the question of carrying the general expenses of the city until

SUIT INVOLVING TREASURER'S FEES

COURT DECIDED ADVERSELY TO
C. E. SMITH IN ONE CASE.

Claim of Five Per Cent on Moneys
Brought in By Suits is Not
Yet Settled.

Lisbon, November 24.—(Special).—Two cases in which C. E. Smith, of Columbiana, former county treasurer, was plaintiff against the county, were argued before Judge Hole yesterday afternoon. The cases relate to claims for five per cent fees in transactions regarding the collection of taxes either by Mr. Smith or by his successor at the conclusion of litigation which had been instituted during Mr. Smith's administration.

In the first instance, the commissioners had refused to pay bills presented by Mr. Smith for five per cent fees in cases that were commenced by injunctions against him as treasurer and Auditor J. F. Adams, but afterward dismissed as to the treasurer, who had been made a party defendant. These cases included the actions brought by M. E. Golding and the leading potteries of East Liverpool, and were prosecuted against the auditor alone, but were finally settled by the payment of the assessments objected to by the plaintiffs. The question before the court was as to whether Mr. Smith was entitled to compensation for having been originally a party to the suit. Judge Hole held against the plaintiff.

In the other case Mr. Smith sued for five per cent fee on moneys brought into the county treasurer through suits instituted by him while treasurer. The action was brought under an old law passed May 12, 1902, which allows county treasurers five per cent on all moneys made on suits instituted by him, no matter when the money is paid. Two of the actions in question were commenced before and four after the passage of this act, covering into more than \$6,000. Judge Hole took the case under advisement.

NO ONE ACTING IN HIS PLACE

Suspension of Officer Saulsberry
Leaves Vacancy on the
Police Force.

No person is acting in the place of Officer Frank Saulsberry, who has been suspended from active duty by Chief Wyman. The matter will be investigated by the mayor on his return from Lisbon.

The cause of Saulsberry's suspension has not been made public, but it is said to be accused of loitering about saloons and also of trying to influence a witness who had been summoned before the grand jury.

London, November 24.—(Special).—Kenneth Graham, secretary of the Bank of England, and one of the foremost financiers of England, was fired upon today by a lunatic. All the shots went wide.

The deranged man was taken into custody and will be confined to an asylum.

TWO ARRESTS LAST NIGHT

Both the Offenders Are in Jail And

Return.

But two arrests were made last night and the victims in each case are still in jail. The patrol was called to the vicinity of the street railway power house at about midnight, where John O'Donnell was found asleep. He had been drinking heavily and evidently laid down to sleep it off.

Officer Mahoney arrested Patrick Clark on Market street early last evening because he was unable to handle a good-sized jag. He was placed in jail and both he and O'Donnell will remain there until Mayor Weaver, who is in Lisbon, can find time to hear them.

Licensed to Marry.

Lisbon, November 24.—(Special).—The following marriage licenses have been granted: Charles A. Macey, and Lottie Rosey, of East Liverpool; Abraham Livingston, of Youngstown, and Clara Desta Linn, of Leetonia; Fred Reese and Myrtle Ashman, of Washingtonville, and Joseph Cotter and Miss Birdie D. GEN. MORGAN'S ESCAPE FROM THE STATE PRISON

New Information On the Subject Given by the
Famous Rebel Leader's
Brother.

A MOST THRILLING INCIDENT RECALLED

From a Special Correspondent.

Columbus, November 24.—After an absence of 40 years Colonel R. C. Morgan, of Lexington, Ky., brother of the famous cavalry leader, General John H. Morgan, visited the Ohio penitentiary yesterday and saw the cells in which he and his brother were confined after their capture in Columbiana county, where the celebrated raid came to an ignominious end. Colonel Morgan was accompanied by his wife, who is accomplished and refined, and both were taken through the institution by Warden Hershey and shown every courtesy.

The capture of Morgan and his men is fresh in the minds of the older residents of Columbiana and adjacent counties. Entering Ohio from the south, where they had spread terror and left devastation in their path, they began a raid through the state which for audacity has rarely been equalled. The boys in blue, reinforced by home guards, armed with every conceivable weapon, pursued the raiders with relentless activity and soon cut off every avenue of escape for them, finally cornering them in Columbiana county, where Morgan, realizing he was hopelessly hemmed in and not wishing to sacrifice the lives of his men, surrendered to the union forces. The capitulation took place near West Point.

The prisoners were sent to the Ohio penitentiary, but on November 3, 1863, General Morgan and several of his officers escaped by tunneling under their cells to an air chamber through which they easily made their way to the outside. Colonel Morgan was one of those who did not escape. The cell in which his famous brother was confined and the one under which he escaped are indicated by inscriptions. It was not necessary to direct Colonel Morgan to these cells. He said every important incident of that episode was indelibly stamped on his memory and he remembered perfectly.

IMPORTANT ISSUE UNDER ROAD LAW

Salem Township Man Brings Test Case as to
Legality of Poll Tax.

Lisbon, November 24.—(Special).—An interesting case regarding the alleged abrogation of the poll tax law, in which William Lewis, of Salem township, is plaintiff in error against William Bobb, road supervisor of district No. 7 in Salem township, upon the outcome of which will probably depend the institution of proceedings in about 25 similar cases, was argued before Judge Hole yesterday afternoon and taken under advisement. W. H. Spence, of Lisbon, represented the plaintiff in error, and John C. Morgan, of Leetonia, the defendant in error. Suit was originally brought by Bobb against Lewis in the court of Justice

the general plan of the grounds. He played an important part in the escape of his brother and related how it was effected.

He ascertained from a convict that there was an air duct under the cell block in which they were confined. A convict had been sent into the department to replace broken windows and he brought a long plank which was placed from the cell block to the window. Morgan walked out the plank and made a survey of the outside. After that work was started on the tunnel. The dirt was taken out and placed in a large stove used for heating the cell block. When the tunnel was completed each of the men who escaped, seven in number, kicked through the thin crust under his cell and soon were in the yard. The wall was scaled by aid of a long poker bent so as to catch on the top.

Colonel Morgan made no attempt to escape. He left his cell and entered that vacated by his brother and soon after the prisoners' absence was noted. A rush was made for the general's cell, but in the confusion the fact that the occupant was not the famous rebel was not discovered. The officials were congratulating themselves that the leader had not away, when the cell was opened and Colonel Morgan walked out. The colonel says that the astonishment depicted on the faces of the searchers was laughable.

Many people of Ohio were of the opinion that Warden Marion was a party to the escape, but this Colonel Morgan denied emphatically. It was reported the general had \$500 in his clothes when he escaped, but this was a mistake, the colonel says. He had out \$50. Colonel Morgan was confined in the penitentiary eight months, when he was transferred to Fort Delaware and thence to Morris Island, where the prisoners were under the fire of the confederate guns. Colonel and Mrs. Morgan called on Governor Nash and were cordially received.

DEATH OF AN OLD-TIME PASTOR

Rev. Samuel Crouse, Who Formerly Preached
Here, Expires, Aged 86 Years.

One of the oldest Methodist ministers of Ohio, one of the former pastors of the East Liverpool congregation, died yesterday at Columbiana in his 87th year. He was well known as an old time circuit rider many years ago and preached in Eastern Ohio and western Pennsylvania. He was the Rev. Samuel Crouse, who had been su-annated for 17 years and had resided at Columbiana during that period. Mr. Crouse was born in Beaver township, Mahoning county, February 1817. In 1838 he married Sophia Gray at Petersburg, in the same county, and she is still living. Last summer they celebrated the sixty-fifth anniversary of their marriage. Of their six children but one survives, Mrs. Benjamin Lester, of Canton.

Department.

MANY CHANGES ARE ASKED
And They Will Be Somewhat Expensive—But \$2,000 in City Treasury.
Solicitor To Be Consulted Before
Making Other Appropriations.

With but one member and the president absent, the city council met the board of public service at the water works office last evening for a general discussion regarding the finances of the city as they pertain to the water works department. The board of service has under contemplation improvements and repairs amounting to several thousand dollars which cannot be made unless council agrees to appropriate it the money. After much discussion the matter was set aside until a decision can be obtained from the city solicitor.

There seems to be a misunderstanding somewhere about the spending of the money thrown into the treasury through the water works department. Some present at the meeting were of the opinion that the board of public service can contract for any improvement or repair which it deems necessary and council must appropriate that amount. Others seemed to think that council can appropriate just as much as it wishes irrespective of the actual needs of the water works. All were afraid to take definite action, not wishing to get into any more difficulties like the one which has been the topic of conversation for two weeks—the misappropriation made by council of the money of the water works—and the solicitor will be called upon to direct the method of operation.

The board of public service, as was stated exclusively in the News Review on last Saturday, desires an appropriation of about \$3,000 more than that originally made to carry the water works department until the first of the year and besides that the board wants money appropriated to pay for improvements decided upon and recommended by Supt. Morley, of the water works. In a communication Supt. Morley outlined his plans as follows:

Permit me to call your attention to the necessity of investigating the required improvements that will be required at the pumping station at the present time.

We have very little surplus in the way of pumping machinery. Should anything happen in the way of a breakdown it would mean a great loss to every individual, to say nothing of the loss that may come by fire.

I recommend the change of the boiler house, make it five feet wider on the north side, raise the building high enough to permit the setting of a large pair of boilers to take the place of the present small ones, setting them six feet higher, so they will be above high water mark and permit them to be used during high water.

I recommend the raising of the pump house to permit the setting of the steam parts of the new pump, which will be required very soon, above high water.

I recommend all changes and improvements to be made from the surplus of the water works fund. By so doing it would require more time, as the change would be made as the surplus would permit, each change that would be made in its turn would work to a good advantage.

By so doing a bond issue will be avoided. I hope you will investigate this matter before you decide to dispose of any surplus money in any way whatever, as the above improvements are very important and necessary.

Clerk Gipner submitted the following, which it was claimed should be looked after by council in its next appropriation:

Labor, \$250; service board, \$150; employees, \$501.67; bills, \$500; pipe lines, \$1,688.34; December expenses, \$2,000.

The above amounts will fall due, said Mr. Gipner, before the first of the year.

The two communications were received and talked of by all present, but it was finally decided to do nothing until the solicitor is heard from.

While the water works department was under discussion Mr. Bullock brought up the question of carrying the general expenses of the city until

SUIT INVOLVING TREASURER'S FEES

COURT DECIDED ADVERSELY TO
C. E. SMITH IN ONE CASE.

Claim of Five Per Cent on Moneys
Brought in By Suits is Not
Yet Settled.

Lisbon, November 24.—(Special.)—Two cases in which C. E. Smith, of Columbiana, former county treasurer, was plaintiff against the county, were argued before Judge Hole yesterday afternoon. The cases relate to claims for five per cent fees in transactions regarding the collection of taxes either by Mr. Smith or by his successor at the conclusion of litigation which had been instituted during Mr. Smith's administration.

In the first instance, the commissioners had refused to pay bills presented by Mr. Smith for five per cent fees in cases that were commenced by injunctions against him as treasurer and Auditor J. F. Adams, but afterward dismissed as to the treasurer, who had been made a party defendant. These cases included the actions brought by M. E. Golding and the leading potteries of East Liverpool, and were prosecuted against the auditor alone, but were finally settled by the payment of the assessments objected to by the plaintiffs. The question before the court was as to whether Mr. Smith was entitled to compensation for having been originally a party to the suit. Judge Hole held against the plaintiff.

In the other case Mr. Smith sued for five per cent fee on moneys brought into the county treasurer through suits instituted by him while treasurer. The action was brought under an old law passed May 12, 1902, which allows county treasurers five per cent on all moneys made on suits instituted by him, no matter when the money is paid. Two of the actions in question were commenced before and four after the passage of this act, covering into more than \$6,000. Judge Hole took the case under advisement.

Suspension of Officer Saulsbury
Leaves Vacancy on the
Police Force.

No person is acting in the place of Officer Frank Saulsbury, who has been suspended from active duty by Chief Wyman. The matter will be investigated by the mayor on his return from Lisbon.

The cause of Saulsbury's suspension has not been made public, but it is said to be accused of loitering about saloons and also of trying to influence a witness who had been summoned before the grand jury.

London, November 24.—(Special.)—Kenneth Graham, secretary of the Bank of England, and one of the foremost financiers of England, was fired upon today by a lunatic. All the shots went wide.

The deranged man was taken into custody and will be confined to an asylum.

TWO ARRESTS LAST NIGHT

Both the Offenders Are in Jail And
Will Await the Mayor's
Return.

But two arrests were made last night and the victims in each case are still in jail. The patrol was called to the vicinity of the street railway power house at about midnight, where John O'Donnell was found asleep. He had been drinking heavily and evidently laid down to sleep it off.

Officer Mahoney arrested Patrick Clark on Market street early last evening because he was unable to handle a good-sized jag. He was placed in jail and both he and O'Donnell will remain there until Mayor Weaver, who is in Lisbon, can find him to hear them.

GEN. MORGAN'S ESCAPE FROM THE STATE PRISON

New Information On the Subject Given by the
Famous Rebel Leader's
Brother.

A MOST THRILLING INCIDENT RECALLED

From a Special Correspondent.

Columbus, November 24.—After an absence of 40 years Colonel R. C. Morgan, of Lexington, Ky., brother of the famous cavalry leader, General John H. Morgan, visited the Ohio penitentiary yesterday and saw the cells in which he and his brother were confined after their capture in Columbiana county, where the celebrated raid came to an ignominious end. Colonel Morgan was accompanied by his wife, who is accomplished and refined, and both were taken through the institution by Warden Hershey and shown every courtesy.

The capture of Morgan and his men is fresh in the minds of the older residents of Columbiana and adjacent counties. Entering Ohio from the south, where they had spread terror and left devastation in their path, they began a raid through the state which for audacity has rarely been equaled. The boys in blue, reinforced by home guards, armed with every conceivable weapon, pursued the raiders with relentless activity and soon cut off every avenue of escape for them, finally cornering them in Columbiana county, where Morgan, realizing he was hopelessly hemmed in and not wishing to sacrifice the lives of his men, surrendered to the union forces. The capitulation took place near West Point.

The prisoners were sent to the Ohio penitentiary, but on November 3, 1863, General Morgan and several of his officers escaped by tunneling under their cells to an air chamber through which they easily made their way to the outside. Colonel Morgan was one of those who did not escape. The cell in which his famous brother was confined and the one under which he escaped are indicated by inscriptions. It was not necessary to direct Colonel Morgan to these cells. He said every important incident of that episode was indelibly stamped on his memory and he remembered perfectly.

IMPORTANT ISSUE UNDER ROAD LAW

Salem Township Man Brings Test Case as to
Legality of Poll Tax.

Lisbon, November 24.—(Special.)—An interesting case regarding the alleged abrogation of the poll tax law, in which William Lewis, of Salem township, is plaintiff in error against William Bobb, road supervisor of district No. 7 in Salem township, upon the outcome of which will probably depend the institution of proceedings in about 25 similar cases, was argued before Judge Hole yesterday afternoon and taken under advisement. W. H. Spence, of Lisbon, represented the plaintiff in error, and John C. Morgan, of Leetonia, the defendant in error. Suit was originally brought by Bobb against Lewis in the court of Justice

the general plan of the grounds. He played an important part in the escape of his brother and related how it was effected.

He ascertained from a convict that there was an air duct under the cell block in which they were confined. A convict had been sent into the department to replace broken windows and he brought a long plank which was placed from the cell block to the window. Morgan walked out the plank and made a survey of the outside. After that work was started on the tunnel. The dirt was taken out and placed in a large stove used for heating the cell block. When the tunnel was completed each of the men who escaped, seven in number, kicked through the thin crust under his cell and soon were in the yard. The wall was scaled by aid of a long poker bent so as to catch on the top.

Colonel Morgan made no attempt to escape. He left his cell and entered that vacated by his brother and soon after the prisoners' absence was noted. A rush was made for the general's cell, but in the confusion the fact that the occupant was not the famous rebel was not discovered. The officials were congratulating themselves that the leader had not away, when the cell was opened and Colonel Morgan walked out. The colonel says that the astonishment depicted on the faces of the searchers was laughable.

Many people of Ohio were of the opinion that Warden Marion was a party to the escape, but this Colonel Morgan denied emphatically. It was reported the general had \$500 in his clothes when he escaped, but this was a mistake, the colonel says. He had but \$50. Colonel Morgan was confined in the penitentiary eight months, when he was transferred to Fort Delaware and thence to Morris Island, where the prisoners were under the fire of the confederate guns. Colonel and Mrs. Morgan called on Governor Nash and were cordially received.

FISHER'S PATENT.

The self-adjusting jigger ring, invented a number of years ago by Jay Fisher, now the popular East End police officer, is becoming more popular with pottery managers and are in greater demand than ever before. The invention has been given a test of several years at the Harker pottery, where the first one made was installed and through it a great deal of the delay and annoyance caused by the wear of the jigger rings of the old pattern has been done away with. Ordinarily the type of jigger rings now in use must be reset once a month, causing a loss of a day to the workmen and owner and an expense for the work of the machinist. The loss is certainly not less than \$6 for each occasion.

The Fisher patent ring installed several years ago has never been reset nor has it required any repairs. The improved attachment is so arranged that the ring is self-adjusting as it wears in revolving. In all other respects the newer ring is as desirable as the old.

Perhaps 20 of the rings are now in daily use and the manufacturers and the men who operate them are very highly pleased. It has been the intention all along of the inventor to manufacture them extensively, as they are in great demand. They are no more difficult to make than the ordinary ring.

Officer Fisher, it will be remembered, was at one time an employe of a local machinist, and it was when engaged in that work that he made the invention.

ently much better for a steady American production than were the prospects for 1903 at the same time last year, says the East Liverpool correspondent of a western trade journal.

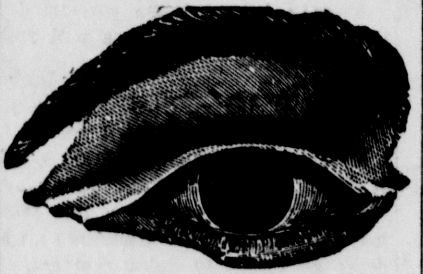

Business has been good since August 1, yet few factories have had large orders from any one concern, hence it argues that no jobbers have large surplus of stock on hand to close the year with. The same thing is true of retailers; their orders to jobbers have been small and frequent, and they will carry over very small stocks into the new year, consequently the outlook is for an earlier trade opening than has been the case in recent years.

Collections throughout the south and west are improving, although they have been by no means bad this fall. The east has shown some effects of Wall street's vagaries, but even that territory has shown a loosening up in financial matters. Despite the trouble in financial affairs in Pittsburgh last month, East Liverpool banks easily cared for all requirements of local manufacturers, and with no embarrassment to any of the smaller patrons of the banks. All local factories took advantage of the summer shut-down to make extensive repairs, hence there will be little in that line to do during the winter holiday rest. Taken all in all, matters look decidedly brighter than a year since.

SANITARY TRADE AFFECTED.

Rumors have been current in Trenton the past week that owing to the strikes prevailing in New York and other large cities, and the consequent tie-up of building operations, a slump had struck the sanitary potting industry, and some of the local sanitary pottery companies were preparing to close down their plants.

John A. Campbell, general manager of the Trenton Potteries company, a large manufacturer of sanitary ware, was seen yesterday about the situation. It was true, he said, that for several months the sanitary trade had felt the effects of the strikes throughout the country, and business had fallen off somewhat, but not to the ex-

tent of causing a complete cessation of manufacturing in any of the plants in the city.

New York, the largest sanitary ware market, is more affected by strike conditions than other large cities, and potteries depending alone upon the metropolis to market their output are being hit the hardest.

ANNUAL CONVENTION.

The annual meeting of the United States Pottery association has been called by Colonel John N. Taylor, chairman of the executive committee of that body, for Tuesday, December 1, at Washington, D. C., says the East Liverpool correspondent of the Pottery and Glass World. Most important among other matters on the list for vigorous attention being the flagrant violations of customs regulation on importations and the "On to Cairo" movement for improvement of the Ohio river channel by slackwater locking system. Senators Hanna, Foraker and Clapp and "Uncle Joe" Cannon are among the celebrities who will meet with the pottery manufacturers at this convention.

CARTWRIGHTS BUSY.

Ambrose Cartwright, formerly manager of the Barberton plant, who resigned to direct the mechanical end of the Cartwright Bros. pottery here, is turning out immense quantities of ware in an endeavor to keep up with orders. His father, William Cartwright, whom he succeeded, has shown some improvement since he went to Battle Creek, Mich., for his health, which has not been of the best for nearly a year.

HEALTH AND VITALITY

DR. MOTT'S NERVE PILLS The great remedy for nervous prostration and all diseases of the nervous system. Sold by Will Reed, C. F. Craig, C. G. Anderson and The Potters' Drug Co.

"I sleep well enough at night,
And the blandest appetite
For mortal man possessed."

Rice's former is the very picture of a man advanced in years, yet it is the enjoyment of perfect health. A good appetite, good digestion and sound sleep, are the chief factors in a vigorous old age. Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible—by enabling the assimilation of the nutrition extracted from food.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since."

Write Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. Words fail to tell how thankful I am for the relief as I had suffered so much, and it seemed that the doctors could do me no good. I got down in weight to 100 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines.

The Common Sense Medical Adviser, 1000 pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

EAST END

THANKSGIVING DAY TO BE ONE OF QUIET

Big Family Dinners and a Quiet Time At Home Will Be the Rule.

East End people are looking forward with joyful anticipation to Thanksgiving day, even if turkeys are at a prohibitive price. It is likely that the section will present a Sunday aspect on the holiday as the day will for the most part be given over to family gatherings and the enjoyment of a day with all the places around the hearthstone filled. Bounteous dinners, with or without turkey, will be the rule.

Those who do not care to remain indoors will find plenty to amuse them. There will be several hunting parties and the woods around will be pretty well filled with Nimrods. Those who do not care to hunt will have the opportunity of seeing any one of a half dozen good football games.

The union Thanksgiving service at the U. P. church will attract the churchgoers. Rev. Dr. Lloyd, who is to deliver the address, is an eloquent minister and the music, by the church choir, will be worth hearing.

FIRST SERVICES TONIGHT

Salvation Army Will Commence Its East End Work With Meetings at Larkins' Hall.

The initial service of the Salvation Army in the East End will be held tonight at Larkins' hall. The services will commence at 8 o'clock but prior thereto an open air service, commencing at 7:30 o'clock, will be held on Mulberry street. Already quite a number of people who believe that the work of the Army should be encouraged have become interested in the meetings and no doubt they will prove entirely successful.

The services will be under the direction of Adjutant Snider and will be evangelistic in their nature. It is the hope to win a number of new recruits and have in the East End a number who will take up active work among the poor. It is also hoped to arouse sufficient interest to make the meeting in the East End permanent.

In the Kansas Field.
Ernest A. Smith, the oil man, who spent a couple of weeks in the East End recently, left Friday a few days ago for the new oil fields of Kansas, where he will conduct extensive oil operations. He has several leases there and will drill a number of wells. While here Mr. Smith stated that the Kansas field has caused the greatest excitement in oil circles since the Texas find and that many people are flocking there.

To Play Beaver High School.
The Nonpareil football team has arranged a game with the Beaver high school team for Thanksgiving day. The contest will be played on neutral grounds, a gridiron at Beaver Falls having been selected. So far this year the Nonpareils have not been scored against and expect to finish the season with this great record. The team will be accompanied to Beaver by quite a number of rooters.

Commences at 7:30.
The Junior Endeavors, of the Second Presbyterian church, desire it to be announced that the entertainment and social tonight at P. H. C. hall will commence promptly at 7:30 o'clock. No announcement of the hour has been previously made.

MINCE PIE! WELSH RABBIT!

Can You Eat 'Em Whenever You Like, or Do They Frighten You?

There is no reason why any ordinary mortal should not eat anything he chooses—if he chews it carefully.

How about you?
Are you afraid of every good-looking, good-smelling, good-tasting thing on the bill of fare—because it "don't agree with you"? Do you meet your Waterloo at mince pie and Welsh rabbit?

Then listen:
Don't starve yourself. Dieting cannot cure dyspepsia. If you cut off every article of food that disagrees with you, before long you will have nothing left.

The sensible way is to get your stomach in such a condition that you can eat everything and digest it.

We have a new remedy that will do this. Rexall Dyspepsia Tablets give you the stomach of an ostrich and the appetite of a farm hand.

We know what Rexall Dyspepsia Tablets are and we guarantee them to cure all stomach troubles.

A Timely Suggestion.
This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Climatic Cures.
The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. GREAT INTEREST IN HOLLENDEN GAME

Many Rooters Will Accompany the Team And Witness Thanksgiving Day Game.

Football has become the absorbing topic in local club circles and much interest is being centered on the game the Hollenden club eleven is to play at New Brighton on Thanksgiving day. The New Brighton eleven is from the high school and Shusler, who played fullback a part of this season with W. & J. is captain and coach. It can be seen that the Hollenden eleven will be up against a strong aggregation.

Quite a number of the Hollenden boys will accompany the team and help all in their power by good hard rooting. The New Brighton lineup has been sent here and both are given below:

New Brighton—Creighton, center; Pratt, left guard; Hardesty, right guard; Morrow, left tackle; Mayhew, right tackle; May, left end; Brown, right end; Evans, left back; Reed, right back; Bingham, quarter, and Shusler, fullback.

Hollendens—Deitz, center; Eckart, left guard; Stroud, right guard; Husa, right tackle; Carnahan, left tackle; Morrow, right end; Dawson, left back; Little, right back; Davidson, quarter, and Rigby, fullback.

HOPE FOR VICTORY OVER SOUTHSIDE

Local Fans Think East Liverpool Five Will Win from Pennsylvania Champions.

Manager Gallimore is advertising the game with the champion Southside team for Tuesday night, December 1, at the pavilion. The Southside five is recognized as the best in Pittsburgh, or Allegheny county, and is probably the best in the state. The Southsiders have administered to East Liverpool the only defeat of the season and the greatest joy would prevail among the enthusiasts if the locals could manage to retaliate.

The loyal rooters are claiming that the locals can win on their own floor, although it is admitted that the chances are not better than even. Others think the Pittsburghers much too heavy for our lighter players and that their rough tactics will prevail against the skill of the locals. One thing is certain, the game will attract widespread attention, and the attendance will be large.

WILL PLAY ROVERS

Manager Challinor Says Homer Laughlins Will Contest in Local Championship.

In answer to the challenge of Manager Wooliscroft, of the East Liverpool Rovers, Manager Challinor, of the Homer Laughlins, states that his team is willing to meet the Rovers on Thanksgiving day to settle the local championship. Manager Challinor states that his team has no inclination to play for the "filthy lucre" and in consequence the suggestion of a \$100 purse is not favored. The Homer Laughlins will meet the Rovers for the local championship with the following team, which has been selected to meet the great Roscoe team on December 12:

A. Townley, goal; Thompson and Brownlow, backs; W. Pope, Hall and Roe, half backs, and J. Bowers, Brown, Davis, Bloor and W. Challinor.

SPORTING MISCELLANY.

H. A. KEMBLE has been Cured of severe inflammation of the Bladder.

Aug. 21, 1933, Mr. H. A. Kemble, 171 Broadway, New York City, wrote: "Last winter I had a severe pain in my back, and consulted a physician, who prescribed for me, for kidney disease and severe inflammation of the bladder, but his medicine did me no good. I tried several liquid kidney remedies, but the alcohol in them seemed to aggravate my trouble. I was induced to buy a bottle of Kidney-Wort Tablets, and the change in my condition was remarkable. Two bottles relieved me so that after taking four in all, I was cured. Kidney-Wort Tablets is a wonderful remedy for the kidneys."

Two persons in three suffer from impaired or diseased kidneys. They live unhappily, enjoy little, and die before their time. When the urine deposits red or whitish thick sediment, take Kidney-Wort Tablets without delay. If you have Piercing or Burning Pains in your Bladder and Urine are not what they should be, if your back aches, write your symptoms to Consultation Department, 133 College St., Burlington, Vt., and they will tell you Free, whether your symptoms are dangerous. NEW YORK, July 27, 1931.
After months of suffering with dyspepsia, and having vainly sought for relief through the aid of doctors and a number of so-called dyspepsia cures, as the suggestion of a friend I tried your "Remedy" and obtained relief within twenty-four hours. I continued the use of the "Remedy" until I had used three bottles, and since that time, now more than a year gone by, I have not had a recurrence of the trouble, and am able to partake of any and all foods that I may desire. I certainly consider Vetter's Dyspepsia Remedy a boon to all who may be afflicted as I was, and shall surely recommend it whenever the opportunity presents itself.

EAST END

THANKSGIVING DAY TO BE ONE OF QUIET

Big Family Dinners and a Quiet Time At Home Will Be the Rule.

East End people are looking forward with joyful anticipation to Thanksgiving day, even if turkeys are at a prohibitive price. It is likely that the section will present a Sunday aspect on the holiday as the day will for the most part be given over to family gatherings and the enjoyment of a day with all the places around the hearthstone filled. Bounteous dinners, with or without turkey, will be the rule.

Those who do not care to remain indoors will find plenty to amuse them. There will be several hunting parties and the woods around will be pretty well filled with Nimrods. Those who do not care to hunt will have the opportunity of seeing any one of a half dozen good football games.

The union Thanksgiving service at the U. P. church will attract the churchgoers. Rev. Dr. Lloyd, who is to deliver the address, is an eloquent minister and the music, by the church choir, will be worth hearing.

FIRST SERVICES TONIGHT

Salvation Army Will Commence Its East End Work With Meetings at Larkins' Hall.

The initial service of the Salvation Army in the East End will be held tonight at Larkins' hall. The services will commence at 8 o'clock but prior thereto an open air service, commencing at 7:30 o'clock, will be held on Mulberry street. Already quite a number of people who believe that the work of the Army should be encouraged have become interested in the meetings and no doubt they will prove entirely successful.

The services will be under the direction of Adjutant Snider and will be evangelistic in their nature. It is the hope to win a number of new recruits and have in the East End a number who will take up active work among the poor. It is also hoped to arouse sufficient interest to make the meeting in the East End permanent.

In the Kansas Field.
Ernest A. Smith, the oil man, who spent a couple of weeks in the East End recently, left Friday a few days ago for the new oil fields of Kansas, where he will conduct extensive oil operations. He has several leases there and will drill a number of wells. While here Mr. Smith stated that the Kansas field has caused the greatest excitement in oil circles since the Texas find and that many people are flocking there.

Bladder Irritated by Alcohol in Liquid Kidney Remedies.
Remember this:—Kidney-Wort Tablets CANNOT contain alcohol.
H. A. KEMBLE has been Cured of severe Inflammation of the Bladder.

Aug. 24, 1903, Mr. H. A. Kemble, 171 Broadway, New York City, wrote: "Last winter I had a severe pain in my back, and consulted a physician, who prescribed for me, for kidney disease and severe inflammation of the bladder, but his medicine did me no good. I tried several liquid kidney remedies, but the alcohol in them seemed to aggravate my trouble. I was induced to buy a bottle of Kidney-Wort Tablets, and the change in my condition was remarkable. Two bottles relieved me so that after taking four in all, I was cured. Kidney-Wort Tablets is a wonderful remedy for the kidneys."

The popularity of the Luce primary law in Massachusetts is calculated to revive interest in a plan to revise the Ohio primary law. The voters of all parties admit that some improved method of primaries should be adopted. The feature of the Luce law is the requirement of a declaration of intention on the part of every elector that he will vote for the ticket in the making of which he desires to participate. This created a storm of protest from the independents, who regarded it as a clever scheme to preserve the integrity of the two dominant parties. But clearly it is unjust to permit a so-called independent to aid in nominating a ticket that he afterwards purposes to destroy. By a clever combination, the independents could almost always foist upon either one of the two great parties a very weak and incompetent ticket. On the whole, the Luce bill is satisfactory to Massachusetts voters and could no doubt be applied to the Ohio elections with equal effectiveness. It provides for all primaries to be held at the same hour, is less expensive than Ohio's present method, and minimizes the chance for corrupting the ballot.

Pittsburg has a toy mission that has flourished for years and which fills a wider sphere of influence each succeeding year. Its object, as succinctly stated, is to carry Christmas gifts to homes that Santa Claus does not visit—and there is a woeful number of such homes in every large city. The mission accepts money, cast-off clothing, toys and books, both old and new, and makes a distribution among little ones who would otherwise go without Christmas presents. It is a noble charity and carries sunshine into many an otherwise gloomy abode. East Liverpool charity workers might find in the record of this mission something worthy of imitation.

A non-commissioned officer in Frankfort, Germany, has just been sentenced to imprisonment for one year. He was charged with not less than 693 cases of mishandling recruits. The patience of the German recruit

must be as great as the justice of the fatherland is slow.

Commissioner Jones evidently thinks that Indians are no better than other people. He holds that they should be taught that they must work or starve, which is decidedly contrary to the principle upon which the United States has been educating them for a century.

According to a Philadelphia jurist, Saturday night courtships are all right, but an engagement to marry must be made before Sunday morning or it is not binding. Perhaps the judge has daughters and gas bills of his own.

While congressmen are fighting General Leonard Wood he is fighting his country's battles and beating a little sense into the heads of the Moros.

Another European princess is reported to have run away with a coachman. Foolish coachman they have over there.

With eggs at 33 cents a dozen and chickens out of sight the man with a well-stocked henry ought to be happy.

OBITUARY

Mrs. Belle Moore.

Mrs. Belle Moore, widow of Michael Moore, who has resided in this city for the past six years, died yesterday at Dr. McMichael's sanitarium, Chicago, where she had been undergoing treatment for cancerous tumor. Mrs. Moore had been ill for a long time, but bore her sufferings with true Christian fortitude. She was a most estimable lady, having reared a family of 11 children, all of whom bear evidence of the careful training they received in their early youth. They are: Mrs. Mollie Smith, of Chicago; Henry, Michael E. and Walter, who are in the employ of the Thomas McNally contracting firm, now engaged on Blairsville Intersection work and in which Michael is a stockholder and general superintendent; John, of Chicago; Mrs. Agnes Lowers, of Parkersburg; Miss Susie, of Pittsburg, and Mrs. Elia Johnson, Mrs. Kate Knowles, Miss Annie Moore and George Moore, of East Liverpool.

The remains will be brought from Chicago to the old home of the family at Little Hocking, where the father was laid to rest July 22. The funeral services will be held from the Catholic church there on Thursday morning.

O. B. Crawford.

Lisbon, November 24.—(Special.)—O. B. Crawford, a member of the firm of Smith & Crawford, hardware dealers in East Palestine, died at his home in that town late yesterday afternoon, of quick consumption. PLANS FOR A GREAT FAIR

Sacred Heart Church Members Arranging for a Great Event, Opening December 15.

Preparations for the fair to be conducted by the members of Sacred Heart Catholic church, of Chester, are going steadily forward, and the affair promises to be among the leading social functions of the season. Committees have been at work for several weeks and the progress made has been most encouraging. There will be several contests for votes, the winners to receive handsome prizes. The contestants are all hustling, and the outcome promises to be interesting in each case.

A meeting of the general committee of arrangements was held Sunday evening, and a number of details arranged. Among other important matters considered was the appointment of the following sub-committee to look after the tickets: Thomas Kinney, William Conklin and J. C. Lawson. Every member of the congregation will have tickets for sale, but this committee will issue and be responsible for them.

The fair will be held at Rock Springs, and already many plans are being worked out for the interior decorations, and for the collections and placing in operation of a large number of attractive features. The opening day has been fixed for Tuesday, December 15, and it has been arranged that the fair shall continue for four days, closing Friday night, December 18. The attractions will be many, and the members of the church will leave nothing undone that will tend to make the affair a complete success in every way.

The Sale a Success.

The sale of pies, cakes and other pastry, conducted by the Ladies' Aid Society of the Chester U. P. church, was a success from every standpoint. The exchange established at the McCutcheon pharmacy was well patronized Saturday, and the supply was not equal to the demand. The ladies have

WHAT IS CATARRH?

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system. The complete Hyomei outfit costs but \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime, and additional bottles of Hyomei can be obtained for 50c.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

offensive breath
dryness of the nose
pain across the eyes
pain in back of the head
pain in front of the head
tendency to take cold
burning pain in the throat
hawking to clear the throat
pain in the chest
cough
itch in side
loss of flesh
variable appetite
low-spirited at times
rising of frothy mucus
cough worse nights and mornings
loss in vital force
a feeling of tightness across the upper part of the chest
frequent sneezing
Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Will Reed emphasizes it, by agreeing to refund your money if Hyomei does not cure.

arranged with the proprietor of the store to take orders for anything in the pastry line the residents may need for Thanksgiving. Mr. McCutcheon will receive the orders at any time from now until Thursday. The ladies have arranged to have a large quantity of home-made bread on hand.

Correct Diagnosis.

Dr. Charles H. Campbell, of Chester, informed the News Review this morning that an error had been made in the item with reference to the blood poisoning case of Clem Williamson several days ago. Dr. Campbell had charge of the case in the beginning. He diagnosed the case and did so correctly. He adopted what he thought to be the proper course of treatment, that being to open the sore. The patient refused to permit the treatment and Dr. Campbell gave up the case. This action was taken before there was any danger whatever of the disease proving fatal.

Wants to Be Sheriff.

Moss Burford, of New Cumberland, was in Chester today looking after his fences. In spite of the many rumors to the contrary, Mr. Burford is making a hustle for the Republican nomination for sheriff of Hancock county. He stated to a News Review reporter today that he is in the race to stay, and said the reports of his retirement were set on foot by parties who were evidently interested in the candidacy of some one other than himself.

Will Hunt Big Game.

William Watson, the genial motor-man on the Rock Springs railroad, accompanied by his wife, left town yesterday for Buchanan, W. Va., for a visit of two weeks. Mrs. Watson came originally from that region, and the couple will visit with her relatives. Mr. Watson expects to make a trip into the Cheat mountains on a hunting excursion.

Stricken With Paralysis.

Word reached Chester today from his home in the Nickel oil field to the effect that Matthew Nickel, one of the best known and most highly respected citizens in the county, had suffered a stroke of paralysis late Sunday night. Mr. Nickel's condition is thought to be serious and another visitation of the disease is feared.

Dirty Streets.

The wet weather of the past few days has forcibly reminded the officials who are responsible for the oversight that the streets are not yet in a fit condition to begin the winter. The paving contractors have neglected to clean the sand from the thoroughfares recently paved by them and they are very muddy in many places.

A Banker in Town.

Judge John A. Campbell, president of the First National bank of Chester, was in town yesterday on business connected with that institution. He returned to his home in New Cumberland on the noon train.

Miner Hurt By a Fall.
Samuel Hazlett, a miner employed

at the Congo Coal company's mine, while walking down the trestle to the river yesterday, lost his footing and fell through the trestle, catching himself before he reached the ground. He alighted on a timber on his side, breaking a rib and receiving other bruises.

To Hunt at Hammondsville.

John Billman and Harvey Allison left today for Hammondsville. They will go to the woods back of that town for a hunt of several days. Both men are expert gunners, and it is likely the slaughter of the game will be something terrible.

CHESTER NOTES.

The little daughter of Mr. and Mrs. G. B. Greenlee is ill with diphtheria. The case of R. L. Cawood versus B. I. Hilliard was settled in the court of Justice Pugh yesterday. The amount asked was \$15.

Thomas Durbin this morning removed with his family from Indiana avenue to their new home near the street railway power house.

Miss Bessie Swearingen and James Riddle, both of Chester, were married in Wellsburg a few days ago. Both are well known and popular. They will reside in Chester.

John Thompson, who is employed at Pittsburg, arrived in Chester yesterday and will spend a few days with his mother in the country. A sale is being conducted at the homestead today, and a large number of Chester people are in attendance.

A Beautiful Art Calendar.

Swift's Premium Calendar for 1904 is a handsome addition to the series of magnificent art calendars issued by Swift & Company. It is 10x30 inches in size, and exquisitely lithographed in ten colors. In tastefulness of design, beauty of coloring, and high standard of lithography, it will prove a most attractive souvenir of the new year. It will be sent postpaid for ten cents by addressing Swift & Company, Stock Yards Station, Chicago, Ill.

Valuable Oil Well.

Harvey McHenry, Robert E. Hill, David Wallace, John Wallace, Charles Hall and others are interested in an oil well at St. Mary's, W. V., which is reported good for 100 barrels a day. The well will be shot today and local men interested will be on hand.

Thanks offering, turkey and what to wear will be the live topics this week. In clothes it will be clotheafter because they have that new style broad shoulder effect and Joseph Bros. will help you out if you wish to purchase a stylish suit or overcoat.

Continued from First Page.

January 1. He said there is only \$2,000 in the treasury to meet all expenses of the city and thought some plan should be discovered whereby some money could be received. He said that the way the matter now stands every department in the city save the fire and police departments will simply have to close down. There is no money and none in sight.

This was also laid over until the next meeting of the two bodies which will likely be on Friday evening, when it will probably be decided to borrow enough money to run the several departments.

The Taffy Pull

is far superior to any other syrup for making taffy or candy of any kind. Try the following recipe. It is convincing.

Put a small tin of Karo Corn Syrup into a kettle holding four times the amount of syrup used and boil over a slow fire for half hour, stirring all the time to prevent boiling over and burning. When a little dropped in cold water becomes hard, snappy, add a teaspoonful of carbonate of soda, stir quickly and thoroughly, then pour on greased platters. When cool enough to handle without burning the hands, pull. A little butter rubbed on the hands will keep them from sticking. The more it is pulled the whiter it becomes. Flavor to suit.

Karo Corn Syrup is good for all home uses from griddle cakes to candy. Sold in airtight, friction-top tins, 10c, 25c, 50c. All grocers.

WELLSVILLE DISPOSITION MADE OF BOND MONEY

Wellsville Council Appropriates Money to Meet Various Obligations.

PROTRACTED DISCUSSION

On Several Issues Raised—Matter of a Paid Fireman Brought Up and Approved—New Fireman to Be Salaried at \$60 a Month.

Council had a long and busy session last night. It was an adjourned session and there was a full attendance. There were numerous discussions.

Bills to the amount of \$998.75, exclusive of a bill of Mr. Leatherberry for furnishing surveying stakes, were paid, and the latter bill was referred to the board of public service. The bill of Dr. M. C. Tarr, for medical services, \$10, after much discussion, was ordered paid. Mayor Fogo stated Dr. Tarr's services were secured in an extreme case after the city physician had refused to go.

The amount from the refunding bonds, \$24,925.75 being deducted for printing, was accepted.

An ordinance for appropriating money for the following funds was read: Water fund, \$2,180.96; cemetery fund, \$100; board of public safety and police fund, \$434.75; from bridge to general fund, \$94.04; from city building to general fund, \$131.59; board of public service, city engineer's department, \$1,167.30. The ordinance was adopted.

An ordinance appropriating money for the payment of outstanding obligations was read and adopted: General expenses, \$5,026.88; redemption, \$10,445.55; bridge fund, \$94.04; city building, \$131.59.

The amount of \$1,167.30, appropriated to the city engineer's department, was then reconsidered, and was the only subject of a lengthy discussion over the proper itemizing of accounts, and the manner in which the money was to be expended. City Engineer Leith stated the amount had been appropriated to December 1 from July 1. He exhibited a copy of his bills. Mr. Shoub moved to amend the ordinance and appropriate \$900, and on motion of Mr. Bissett this was adopted.

After its passage another item was added, \$500 from the general fund to the board of health fund. The item was laid over until the next meeting.

An ordinance asking for a paid fireman outside of the volunteer firemen at the Thirteenth street hose house was submitted. It was framed by Mayor Fogo, and is most practical. He spoke in its favor, saying that this employe shall also have full police powers. The wagon at the hose house is to be used for police patrol, ambulance and fire service. It was also proposed to establish a number of patrol boxes in connection. There was enough funds already in the hands of the board of public safety to fit the hose house with sleeping quarters and the paid officer would remain there day and night.

The growing demands of the West End needed better fire protection. Insurance rates were raising. The safety department would also purchase a horse to be used in the service. The new officer would be partly self-sustaining, especially in the patrol service. The improvement is one that brings the city up to a better standard, and can be added to by incorporating the same feature at the central hose house. Council discussed the innovation enthusiastically and passed the ordinance, incorporating a salary of \$60 per month to be paid the officer.

Mr. Blackburn moved that the chairman appoint a committee to confer with delinquent paying assessment property holders. The finance committee refused to act unless fully instructed to settle the disputes arising. On motion of Mr. Anderson, the finance committee, assisted by the city clerk, was empowered to adjust these disputes and receive a fair compensation for their services.

Mr. Wickham, of the C. D. & P. T. company, asked council to grant his company the right to set 28 poles from the property of Charles Peterson on Liverpool street up to that of Samuel Woods on the same street. They would run on the right hand of the street coming south to the Wells property and thence cross to the left-hand side. Some complaint was made about placing objectionable poles. Mr. Wickham offered to remove all such. On motion of Mr. Shoub the company was granted the right under the ordinance re-

quiring that all poles within the city limits shall be painted.

Mr. Joseph presented a petition from shutting property holders on Salsenville street, from Clark avenue to the railway crossing, one-fourth mile south to pave that street. Another petition was presented against it. A number had signed both petitions; \$13,210 of property is represented on the tax duplicate in favor of paving and \$2,200 against. Council did not act on the matter, as there were five property holders for paving and four against.

Public Service Board.

The board of public service held an extended session this morning discussing new water works improvements, pavements and sewers. Council was asked to appropriate \$72 collected by the city engineer on water rents for the finance committee and use the amount for the maintenance of the sanitary sewer. Council was also asked to appropriate \$599.30 for the expense of the city engineer's fund from July 1 until December 1, and also \$300 for expected expenses from July 1 to December 31. The bill of \$30 to Mr. Leatherberry for surveying stakes was held up for payment until next session, when it will be acted on along with other bills.

WELLSVILLE LODGES.

The Brotherhood of Locomotive Engineers, division No. 170, held a special session yesterday afternoon and initiated three new members, and received seven new applications for membership.

The Tribe of Ben Hur court, Star of the Valley No. 113, took in three new members last night. Prof. McDonald, of the public schools, being one of the number. After the initiation there were three or four able addresses by local and visiting speakers. Refreshments followed.

Holiday Vacations.

The board of education held its regular session last night at the high school building. It was decided to close the schools tomorrow until Monday on account of Thanksgiving. The Christmas holiday vacation will commence Friday, December 18, and end January 4. Other business of a routine nature was taken up.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was poor, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—Mrs. M. E. HUGHSON, 347 East Ohio St., Chicago, Ill.—\$5000 for best original of above letter proving genuineness cannot be produced.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound. If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

A series of kinetoscope views of the department in action will also be given.

Van Cornell, Ed Newton, Blaine Cook, and two other West End young men were hunting out on the Donaldson farm, near Highlandtown yesterday.

John Stone, of Nevada street; Mrs. Wiley, of Sixteenth and Commerce streets, and Tessie McIntosh, of Seventeenth and Commerce streets, are ill of grip.

THE YANKEE IN MEXICO

Amid The Tempting Treasures of Tropical Tuxtepec

The Tuxtepec Development company, an association of successful business men, the majority of whom reside in this Congressional District, have purchased are now developing

THE TUXTEPEC PLANTATION

situate in that tropical garden, the Isthmus of Tehuantepec, in the republic of Mexico, containing 4,000 acres of the choicest agricultural lands in the world, near the city of Tuxtepec, State of Oaxaca. Located on the Gulf slope, in the fertile valley of the Papaloapan river, with regular packet service to the port of Alvarado, on the Gulf of Mexico, and in close proximity to two railroads. Climate delightful, soil the richest, summer perpetual, crops diversified, yield abundant, labor cheap, returns sure and profits enormous.

This is not a stock jobbing proposition.

WE OFFER A COMBINED INDUSTRIAL AND AGRICULTURAL INVESTMENT.

Your attention is respectfully called to

THE BENEFICIAL INTEREST CERTIFICATES

in the Tuxtepec Plantation as a safe and legitimate investment in no sense a speculation.

TWO HUNDRED CERTIFICATES.

It is the intention and wish of the directorate of this company to sell

these certificates among our friends and neighbors, where ample opportunity is afforded to all to become familiar with the management and in close touch with its officers.

EAST LIVERPOOL.

By a special resolution of the Board of Directors, Two Hundred Certificates of Beneficial Interest will be offered to the citizens of East Liverpool and vicinity, at the present par value price of One Hundred and Fifty Dollars per share; payable in monthly installments of Three Dollars per share or Five Per Cent discount for cash.

THESE CERTIFICATES

carry a GUARANTEED ANNUAL DIVIDEND OF FIVE PER CENT, PLUS ALL EXCESS PROFITS, DIVIDENDS PAYABLE JULY 1 OF EACH YEAR. SECURED BY DEED OF TRUST TO THE COLUMBUS SAVINGS AND TRUST COMPANY, OF COLUMBUS, OHIO, together with stipulated cash and security deposits.

PARTICIPATION WITHOUT LIABILITY.

Each certificate represents a fixed portion of the land, participating perpetually in the earnings of the plantation. No fees, fines, taxes nor assessments.

The land, crops, tools, buildings, stock, boats, cars, sugar mill, power plant, the entire plantation in the highest state of cultivation, together with all the appurtenances thereunto belonging, will be bequeathed to the pur-

chasers of the Beneficial Interest Certificates and their heirs and assigns forever, on July 1, 1911, the end of the development period.

OUR TITLE IS PERFECT, OUR LAND IS BEING RAPIDLY DEVELOPED AND WE HAVE NO INDEBTEDNESS WHATSOEVER.

All of the purchasers of Beneficial Interest Certificates stand upon an equal footing with reference to the plantation, its earnings and profits, no man nor set of men can rob them of their holdings and the right of ownership.

THE REASON WHY.

We do not pretend to be nor are we giving anything away. This is a clear, straight business proposition. Like railroads, banks, telegraph, telephone, merchandising and manufacturing, the quickest and largest returns are made by rapid development. The greater the amount of available funds, the quicker the development and the sooner is reached that point, where a high grade of efficiency brings quick, large and sure returns.

Certificates issued by and all payments made at the offices of our local fiscal agent,

S. T. Herbert,

with the Union Building, Loan & Trust Company, East Liverpool, Ohio.

Our special representative, Mr. George C. Buell, who will remain in this city a limited time, will be pleased to explain our plan in detail. Call or address him at the offices of the Union Building, Loan and Trust Company, or at the Thompson House, East Liverpool.

A copy of the agreement will be handed to every employer of the city and the committee of the union making the distribution claims that several have already affixed their signatures. For the most part, however, the employers are taking time to consider, while others say they will resist certain changes asked from the present agreement.

It will be noticed that the employers have been asked to make an answer on December 2 and that the agreement is to become effective on January 1. A radical change in the opening and closing hours is demanded and several employers have already stated that there will be trouble if the men insist upon enforcing it. This is the curtailing of the working day one hour in the evening, from 7 until 8 o'clock, the busiest and best time, it is claimed. They say if the shops close at 7 o'clock the workers of the city will have no chance at all to get home from work, eat supper and get to a shop. It will be impossible to operate a shop with profit, say the employers, except on Saturdays.

For the most part, however, the employers are taking time to consider, while others say they will resist certain changes asked from the present agreement.

It will be noticed that the employers have been asked to make an answer on December 2 and that the agreement is to become effective on January 1. A radical change in the opening and closing hours is demanded and several employers have already stated that there will be trouble if the men insist upon enforcing it. This is the curtailing of the working day one hour in the evening, from 7 until 8 o'clock, the busiest and best time, it is claimed. They say if the shops close at 7 o'clock the workers of the city will have no chance at all to get home from work, eat supper and get to a shop. It will be impossible to operate a shop with profit, say the employers, except on Saturdays.

Another objectionable feature to the

Barbers' union, has prepared a new wage agreement for the year 1904 and it is being presented to the employers this week. A copy of the agreement will be handed to every employer of the city and the committee of the union making the distribution claims that several have already affixed their signatures. For the most part, however, the employers are taking time to consider, while others say they will resist certain changes asked from the present agreement.

Another objectionable feature to the

employers is the demand for the shops to close at 11 o'clock Saturday nights. Some of the stores do not close until that hour and the clerks thus employed would be compelled to go without their customary shave. At present the clerks fill several of the shops just before the closing hour.

On the other hand the men claim that the work day is now much too long and that closing an hour earlier will not work a hardship on the employers or patrons. They will insist on this clause of the agreement.

The hour for opening is not a matter of such great moment as there is very little trade until 9 or 10 o'clock. Several employers are willing to shorten the working day if the time can be taken off at the beginning of the day. The agreement desired by the union is given below in full:

"Dear Sir and Fellow Craftsman:

"The following is an exact copy of the proposed scale and agreement for the ensuing year, beginning January 1, 1904. Same is presented to you for perusal and consideration. Hoping that after due deliberation you will be in position to willingly add your signature to the article as presented and place in the hands of the committee that is instructed to call on you not later than December 2, 1903. Trusting that you will be able to see matters in the same light as members of No. 343, J. B. U., I remain,
"ROBERT LACEY,
"Secretary J. B. U."

Articles of Agreement.

To be in effect on and after January 1, 1904, and until January 1, 1905, by and between the Barbers' Association and individual shop owners of the city of East Liverpool, Ohio, of the first part and the members of the Journeymen Barbers' Union No. 343, of East Liverpool, Ohio, of the second part, viz:

The parties to the agreement each covenant and agree to and with each other jointly and severally to be governed by the following scale, conditions and prices as hereinafter set forth, to-wit:

Journeymen wages to be \$12 a week and one-half over \$18 a week taken in per week by said journeyman. Journeymen working by the day shall receive for Saturday \$4 or 65 per cent on the dollar, according to the agreement between said journeyman and his employer. For each other day journeymen are to receive \$2 or 65 per cent, according to agreement.

For each day in the week, beginning April 1 and ending November 1 they

shall begin work at 7 a. m. and the remainder of the year not specified they shall commence work at 7:30 a. m. For Monday, Tuesday, Wednesday, Thursday and Friday, the closing hour shall be 7 p. m.; on Saturday the hour shall be 11 p. m.

All shops to be closed all day on the following holidays: New Years, Decoration Day, July 4, Labor Day, Thanksgiving and Christmas, except when one of said holidays shall come on Saturday or Monday. In event of same all shops may remain open from the arranged opening hour for that portion of the year, until 12 o'clock, noon. Labor Day, occurring on Monday each year, is to be excepted and shops shall remain closed all day as previously arranged. On the eve before one of said holidays not occurring on Saturday or Monday, shops shall remain open until 11 p. m.

Woman's Ills

How rare a thing to find a woman who is perfectly healthy. Fully seventy per cent. of the sex suffer from ailments causing nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

AUNT DINAH'S OLD VIRGINIA

Herb Tea

WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic constipation, sick headache and indigestion. In case of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bed-time is all that is necessary to make a woman well and keep her well.

Hamlin's Wizard Oil Co., Chicago, Ill.

Two years ago I suffered with female complaint and used your Aunt Dinah's Old Virginia Herb Tea with great success. I have just begun taking it again and I feel much younger and stronger. Every woman suffering could know the relief she would experience by using your Herb Tea and she would never be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles.
Now, See County, Ark., Dec. 1, 1903.
Hamlin's Wizard Oil Co., Chicago, Ill.
I am greatly pleased with your Aunt Dinah's Old Virginia Herb Tea. Indeed I think there is nothing like it for headache and stomach trouble and I find it exceedingly good for clearing the complexion. I would not be without it. Yours truly,
MISS NETA MCGRILL.

BRIGHT'S DISEASE AND DIABETES NEWS

San Francisco, Nov. 18, 1903.

To the People of Ohio:

As San Francisco druggists personally acquainted with the facts we are asked to certify to you the curability of chronic Bright's Disease and Diabetes, and however unreasonable it may seem to you, yet such is the fact. Up to a year ago we never heard of a genuine case of chronic Bright's Disease or Diabetes recovering. Now it is a common occurrence in this city. A great discovery has undoubtedly been made. Many prominent people here have recovered and every one of us whose names are appended hereto have either had recoveries among our customers or have genuine chronic cases now recovering. And the percentage of efficiency seems to be very high, for there are very few failures.

A TRIP TO THE MOON

A Trip to the Moon—Five Hundred People in the Cast.

When the north pole is discovered by the man in the moon at the opera house Thursday and Friday, December 3 and 4, people will have a chance to see one of the Christmas pantomimes over which staid London goes hysterical once a year.

The spectacle is in two acts, the scene of which is thrown around the north pole. Many futile attempts are made by different explorers to reach the pole.

It is finely discovered in a very characteristic and ingenious way by an East Liverpool astronomer, who drops from the moon in a parachute. When he arrives there he discovers himself among the strange and wonderful race of people who inhabit the moon.

Another scene represents the fountain of youth on New Year's eve. Our great grandmothers after being in spirit land 100 years decide to return to the earth and note with great surprise the many changes that have taken place during their absence. The funny situations which arise can be appreciated only by witnessing the performance. No one who cares for inspiring music, beautiful costumes, funny situations, wonderful electrical effects and a story pure in tone can afford to miss it. Remember the dates. Admission, 25, 35 and 50 cents. The sale of seats opens at Reed's drug store Tuesday morning, December 1.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Latest Arrival—A fine baby daughter has arrived at the home of Mr. and Mrs. Clay Gould, of Broadway.

Sent to the Infirmary—William Moser, who showed signs of dementia while in the city jail, has been sent to the county infirmary.

Next Conference—The board of presiding elders has decided that the next annual meeting of the East Ohio M. E. conference shall be held at Bel-Jaire.

Oyster Supper a Success—The oyster supper given by the missionary society of St. Stephen's church at the parish house last evening was a success in every particular.

Two Vacancies to Fill—Squire Rose has two appointments to make for Liverpool township—one a trustee to succeed J. W. Albright and the other a constable to succeed William Copestick, both resigned. Several names are being considered.

Old Soldier Ill—Samuel Reed, a well known colored man, formerly of this city, but lately of Salineville, where he has been employed as a coal miner, is very seriously ill at the home of his daughter, Mrs. Mary Phillips, of Pickal street. Mrs. Phillips and another daughter, Mrs. Rose Maloney, are caring for him. Mr. Reed is an old soldier and has many friends.

Social and Entertainment—The ladies' auxiliary of the Y. M. C. A. is making elaborate arrangements for the social and entertainment to be given at the Y. M. C. A. hall on Thanksgiving night. All young people of the city, whether members of the association or not, are invited to be present. A program of readings and music will be followed out and refreshments will be served. Interest in the association is growing. Secretary Pollard has formed a bible class, which will meet for the first time this evening.

TAKEN ILL ON DUTY AND SOON EXPIRED

Edward W. Pritchard, Lisbon Night Watchman, Called From Earth.

Lisbon, November 24.—(Special).—Edward W. Pritchard, who has been the merchants' night policeman in Lisbon for about three years, died suddenly early this morning of heart trouble. Mr. Pritchard was on duty as usual last night and about 1 o'clock this morning had a severe attack of heart trouble, to which he had been subject. Chris. A. Bick, night watchman at the court house, assisted him to the boiler room in the basement, where he was made as comfortable as possible. Dr. D. J. Jones was called, and succeeded in reviving Mr. Pritchard, but the patient was again seized with another attack and Dr. Jones was again called, along with Dr. Marquis. In spite of all that could be done, Mr. Pritchard passed away at 4 o'clock. Officers Bick and David Reils and the two physicians were the only persons present when he died.

Mr. Pritchard was a son of the late Reasin B. Pritchard, was born in Lisbon 46 years ago, and spent his entire life here. About 15 years ago he married Miss Victoria Baldwin, of Beaver Falls, Pa., who survives him with two small children. Mr. Pritchard was at one time traveling agent for the Columbus County Mutual Insurance company and served as justice of the peace here. He was a member of New Lisbon lodge, No. 65, F. and A. M., New Lisbon chapter, No. 92, R. A. M., and Brown lodge K. of P. Besides his wife and children the following brothers and sisters survive him. Mrs. A. A. Ramsey and Porter M. Pritchard, of Lisbon; George R. Pritchard, of Canton, and Mrs. Helen Bowman. Funeral arrangements have not been made.

GENERAL INVITATION TO ALL THE TEACHERS

Those of the County as Well as the City Urged to Attend the Teachers' Meeting.

It has not been generally understood by all teachers and instructors in the outlying districts and rural vicinities of this county that all have been cordially invited to attend the thirty-fourth annual session of the Eastern Ohio Teachers' association, which will begin in East Liverpool on Friday of this week, and the session will be held in the First M. E. church, Supt. R. E. Rayman, chairman of the executive committee, and other having the interests of the association in their hands, urge and cordially invite all the teachers of eastern Ohio, including rural district teachers, to be present and receive much inspiration and instruction in their school work by hearing the earnest and spirited talks and discussions of many of the noted educators in this part of the state.

If the teacher, as one author has stated, is "to be a living fountain rather than a stagnant pool," then must he or she keep growing right along with the rapid progress which is being made in educational work.

Many of the teachers in the outlying districts have not procured copies of the program, but it has been given fully in the News Review and those desiring copies of it can obtain them at this office. The program is a most attractive one, bearing the names of many prominent educators.

A local teachers' reception to the visiting teachers will be held at Carnegie public library immediately following Dr. Gunsaulus' lecture on Friday evening.

JEFFERSON COUNTY MUST GIVE A POINT

OTHERWISE IT WILL NOT GET A NEW STREET RAILWAY.

Proposed Wellsville-Toronto Line Will Be Knocked Out if a 28-Foot Road Is Insisted On.

The result of the conference between Messrs. Beacom and Anderson, of the East Liverpool railway company, and Jefferson county commissioners at Steubenville Saturday was unsatisfactory. The commissioners insist on a 28-foot road, 10 feet to be occupied by the street railway; three feet for a ditch and 15 feet for a county road. The road from Wellsville to Empire is merely a bridge path and for a number of miles would need entirely rebuilding.

The company, should it go ahead with the project, expects to build the line complete for \$50,000. There is no other traction company in the country that would even think of building the line when the scarcity of traffic and towns abutting on the line is so apparent. It is a settled fact that the Jefferson county commissioners will have to recede from their terms or the project will go glimmering. It is more to the interests of Jefferson county to have a good thoroughfare than for the traction company to spend \$50,000 on this improvement.

There is another interest fighting the traction company which cannot be made public at present. It all lies within the hands of the Jefferson county commissioners whether they want the road or not, or whether they will use their powers in the interest of other corporations foreign to the street railway scheme.

Jones was called, and succeeded in reviving Mr. Pritchard, but the patient was again seized with another attack and Dr. Jones was again called, along with Dr. Marquis. In spite of all that could be done, Mr. Pritchard passed away at 4 o'clock. Officers Bick and David Eells and the two physicians were the only persons present when he died.

Mr. Pritchard was a son of the late Reasin B. Pritchard, was born in Lisbon 46 years ago, and spent his entire life here. About 15 years ago he married Miss Victoria Baldwin, of Beaver Falls, Pa., who survives him with two small children. Mr. Pritchard was at one time traveling agent for the Columbiana County Mutual Insurance company and served as justice of the peace here. He was a member of New Lisbon lodge, No. 65, F. and A. M., New Lisbon chapter, No. 92, R. A. M., and Brown lodge K. of P. Besides his wife and children the following brothers and sisters survive him. Mrs. A. A. Ramsey and Porter M. Pritchard, of Lisbon; George R. Pritchard, of Canton; and Mrs. Helen Bowman. Funeral arrangements have not been made.

GENERAL INVITATION TO ALL THE TEACHERS

Those of the County as Well as the City Urged to Attend the Teachers' Meeting.

It has not been generally understood by all teachers and instructors in the outlying districts and rural vicinities of this county that all have been cordially invited to attend the thirty-fourth annual session of the Eastern Ohio Teachers' association, which will begin in East Liverpool on Friday of this week, and the session will be held in the First M. E. church, Supt. R. E. Rayman, chairman of the executive committee, and other having the interests of the association in their hands, urge and cordially invite all the teachers of eastern Ohio, including rural district teachers, to be present and receive much inspiration and instruction in their school work by hearing the earnest and spirited talks and discussions of many of the noted educators in this part of the state.

If the teacher, as one author has stated, is "To be a living fountain rather than a stagnant pool," then must he or she keep growing right along with the rapid progress which is being made in educational work. Many of the teachers in the outlying districts have not procured copies of the program, but it has been given fully in the News Review and those desiring copies of it can obtain them at this office. The program is a most attractive one, bearing the names of many prominent educators.

A local teachers' reception to the visiting teachers will be held at Carnegie public library immediately following Dr. Gunsaulus' lecture on Friday evening.

JEFFERSON COUNTY MUST GIVE A POINT

OTHERWISE IT WILL NOT GET A NEW STREET RAILWAY.

Proposed Wellsville-Toronto Line Will Be Knocked Out if a 28-Foot Road Is Insisted On.

The result of the conference between Messrs. Beacom and Anderson, of the East Liverpool railway company, and Jefferson county commissioners at Steubenville Saturday was unsatisfactory. The commissioners insist on a 28-foot road, 10 feet to be occupied by the street railway; three feet for a ditch and 15 feet for a county road. The road from Wellsville to Empire is merely a bridge path and for a number of miles would need entirely rebuilding.

The company, should it go ahead with the project, expects to build the line complete for \$50,000. There is no other traction company in the country that would even think of building the line when the scarcity of traffic and towns abutting on the line is so apparent. It is a settled fact that the Jefferson county commissioners will have to recede from their terms or the project will go glimmering. It is more to the interests of Jefferson county to have a good thoroughfare than for the traction company to spend \$50,000 on this improvement.

There is another interest fighting the traction company which cannot be made public at present. It all lies within the hands of the Jefferson county commissioners whether they want the road or not, or whether they will use their powers in the interest of other corporations foreign to the street railway scheme.
